Knots for a purpose

Macramé 2

Judith Stansfield

This is a hands-on demo to use macramé to make a plant pot holder.

Judith will build on her original session in October and demonstrate how to make a plant pot holder.

If you are already familiar with the Flat Knots, Loops (a form of the flat knot), Spiral Knots and Tassels, you can put them to use to make this for one of your plants or for a Christmas gift.

You can either watch this demo, or work along with Judith. You will need 1 x 2" (5cm) curtain ring
8 x 15' (5m) cord, string or very thick wool 2 x 5' (1.5m) Piece of string to tie the curtain ring to something firm e.g table leg / chair back etc,
Scissors

Judith Stansfield is Chair of the Craft and Home Economics Committee at the North Yorkshire Federation WI

4th 7pm **Is your garden Nature Friendly?**

Encouraging Nature into your garden

Helen Neave

In her second talk, from her experiences of developing Make it Wild, Helen will bring you advice and suggestions of how you can make your own gardens more friendly for wild life

Helen and Christopher and their family

have always adored the natural world, but were acutely aware of the impact that humans are having on every other species and how we have polluted and degraded the land and oceans, even having impact on the climate. They decided that instead of just worrying about it, they should do their bit to change this by creating a bit more wild space. More trees, more meadows, more ponds. They took over Dougill Grange and Bank Woods and have planted over 25,000 trees, created plant meadows and ponds and now provide courses and sell natural products.

From her experiences of developing Make it Wild, Helen will bring you advice and suggestions of how you can make your own gardens more friendly for wild life.

This follows on from her talk Scalpel to Spade and Beyond where she described her personal journey from Surgeon to purchasing and developing two major woods in Yorkshire.

Save our Hedgehogs!

Prickles Hedgehogs

Paula Baker

Suffolk Prickles hedgehog Rescue also works to advance the education of the public in the study of hedgehogs and in the care, methods of treatment, conservation and habitat of hedgehogs.

Paula Baker will talk us through the work of this charity in looking after sick Hedgehogs, but more importantly,

helping us to use our own space to create a haven for these endearing creatures.

What did *you* do in the War, Grandma?

Women in Warfare

Leslie Newham

Women in Warfare is about the many, varied and sometimes very surprising roles women have played in times of war. The men could never have done it without us - although if that is good or bad is difficult to say. This is a

picture of one of the few women to fight alongside men as an equal in the same uniform and who was promoted to Captain. Can you name her?

Leslie Newham will tell us about some of the little known roles women have in the past, undertaken in warfare and their impact. This will reflect on the roles now undertaken by *women in the British Armed Forces*.

Compassionate end-of-life care

Herriott Hospice Homecare

Lucy Turner

We know that many people wish to die at home, surrounded by the people and things that matter most - hear how this can be achieved even in these COVID times.

This talk will allow you understand the services and support a Hospice can give - perhaps now you don't need it but understanding what is available for the future can give peace of mind for you and your loved ones. Lucy Turner will provide us with how this is achieved by Herriott Hospice Homecare.

Established by local people in Northallerton in 1992, Herriot Hospice Homecare provides free personalised care to enable people to live comfortably and with dignity in their own home during the last weeks of their life.

Each year, we support almost 600 people in the Hambleton and Richmondshire areas of North Yorkshire through services including: end of life care, bereavement support, respite care, befriending, complementary therapy and a driving service.

This practical and emotional support helps patients and their

Make your own hedgehog!

Making a hedgehog from a paperback

Caroline Dobinson

Folded Book art is a way of turning a book into either a useful or decorative item.

In this workshop Caroline will demonstrate how to turn an old paperback book into a Hedgehog that can be used as an ornament or as an extensive letter rack to hold notes.

Once you have mastered the basic skills on this course you will understand how to turn any book from a bookshelf item to a decorative item. Patterns exist to fold in letters, flowers, birds etc - so instead of seeing the spine you see the open book displayed. A lovely way to upcycle old books or turn a treasured book into an ornament without destroying the book.

Fly a bird with Felicity!

Make a bird

Felicity Jennings

Felicity will take you through the process of creating this metal bird. You can just watch, or craft along. So to craft along with the silver bird you will need a takeaway tray or similar (a foil dish from supermarket is fine) scissors, a wooden spoon and a pointy thing (old biro, pencil, end of paintbrush, dotting tool). To add the wings you need a glue gun but it looks good without the wings too. To Christmas it up with colours you would need Sharpies. A needle and thread will let you hang it up. Felicity I am the founder of Felicity Crafts, a small independent craft school which has developed from my WI craft club. I have worked in Education for over 20 years and now deliver a range of crafts via Zoom and live, for all abilities, using materials most people will have at home. I am also the proud President of Spa Sweethearts WI in Harrogate. https://www.youtube.com/channel/UCPJA2qSZbReffRz4_8K0aRg

What really goes on behind the scenes?

Behind the scenes of TV quiz programmes

Faith Powell

Faith will enlighten you on the fascinating and amusing behind-the-scenes happenings involved in making TV Quiz programmes.

She has been on 14 quiz shows and won 6, but says don't let that fool you.

She will share anecdotes, gossip and show prizes won from Going for Gold To Wipeout with Bob Monkhouse.

It will be a fun presentation with a bit of audience participation.

Peter Laurence in your own home!

Peter Laurence

Gallows, Gangsters & Good Time Girls – Crime & Punishment in 19th & 20th Century

Peter was well-known for his Denman courses and is fast becoming a star of the Denman Online talks. He was with the Metropolitan Police for many years and has a deep knowledge of recent and historic crime in London.

Join Peter Lawrence as he takes you on a tour of the London streets from his unique perspective, laden with interesting facts and anecdotes from his time working for Scotland Yard's 'Royalty and Diplomatic Protection Group', paired with his natural interest in history and architecture. For this installment Peter will highlight the darker side of London's history from its ancient prisons and places of execution, through to more modern times and criminals, some well known names and others very well known to Peter in his "earlier life" !!
